

**2017 Ohio High School Water Polo
Player Spotlight**

Week of 9/18/2017

Paige Wantlin

Senior

Princeton High School

OWP: Why you love playing water polo?

PW: It's an amazing sport! It's challenging and rewarding, and working with your team is an amazing experience. It's taught me a lot about leadership and responsibility, and my high school experience would be incomplete without it!

OWP: Favorite memory so far of playing water polo?

PW: Since my freshman year, I've done a silly tradition of "proposing" to one of my upperclassmen friends with a Ring Pop until she graduated last year. It's a joke, but it's just a silly tradition that we kept doing until she graduated last year. We'd do it every year at the second Milford Invitational.

OWP: Favorite post game food you like to eat?

PW: Mac n cheese!

OWP: Do you want to play water polo in college?

PW: If I can, definitely!

OWP: Other than play water polo, fun hobbies you have?

PW: I read, write, and work out.

OWP: Other than water polo, what is your favorite sport?

PW: Football

OWP: What is your favorite subject in high school?

PW: History and English!

OWP: What is your favorite movie?

PW: Jaws and/or Hot Fuzz!
