

2017 Ohio High School Water Polo Player Spotlight

Week of 10/9/2017

Kendra Sheehan
Senior

Upper Arlington High School

OWP: Why do you love playing water polo?

KS: I love playing water polo because it has a team aspect to it. I spend so much time with the girls on my team in the water, on the road, or sharing small beds in hotels. I couldn't imagine recreating memes with anyone else.

OWP: Favorite memory so far of playing water polo?

KS: At Beast of the East my sophomore year we went to target between games and got to pick something out from the dollar section. Naturally Molly Dierker and I bought light-sabers because they lit up and made a cool sound. What I didn't realize, though, was North Penn's guy's team had light-sabers too. Needless to say, later that night I was challenged to a light-saber dual and I still want a rematch.

OWP: Favorite post game food you like to eat?

KS: Grilled Cheese! After a long tournament the parents are always there with a griddle cooking up perfectly golden grilled cheese. It melts right in your mouth and I could never thank them enough for that.

OWP: Do you want to play water polo in college?

KS: I plan on swimming in college, but if there is a club polo team wherever I go I might think about jumping back into it.

OWP: Other than play water polo, fun hobbies you have?

KS: I'm a big foodie and always have to have my next meal planned, so i love trying new restaurants around town with my family and friends.

OWP: Other than water polo, what is your favorite sport?

KS: I love to swim, but if there's one sport I love and envy watching and it's gymnastics. I could never imagine doing half the stuff gymnasts do and have so much respect for all the hard work they put in.

OWP: What is your favorite subject in high school?

KS: I'd have to say math and science. I can't choose between the two because it fascinates me when they connect and relate to real world situations.

OWP: What is your favorite movie?

KS: Definitely Harry Potter. I always get super excited when Harry Potter Weekend is on and I'll stop anything to binge it.
